The WFPICCS website, [www.wfpiccs.org](http://www.wfpiccs.org), was initiated in April 2005 by Dr. Niranjana Kissoon. The Vancouver Web Design Company *Bluelime Media Inc.* provided technical support.

The WFPICCS website started to be online from April 13, 2005. The website gained increased interest and served as a major medium for the 5<sup>th</sup> and 6<sup>th</sup> World Congress on Pediatric Critical Care (Geneva 2007 and Sydney 2011).

In April 2006, the International Sepsis Initiative (ISI) was launched on the website by Dr Niranjana Kissoon and Dr Joseph Carcillo. The ISI is a worldwide campaign to decrease the burden and ravages of sepsis in children. The first feature on the WFPICCS website was the Sepsis Forum, an interactive feature of the website for debate.

After debates in Geneva 2007 and Sydney 2011, the Sepsis Bundles were revised accordingly, tested and made available online on <http://www.wfpiccs.org/sepsis.php>
